

HOW TO ACCESS PAST SUBMISSIONS ON SMARTERSELECT

Step 1 – go to smarterselect.com

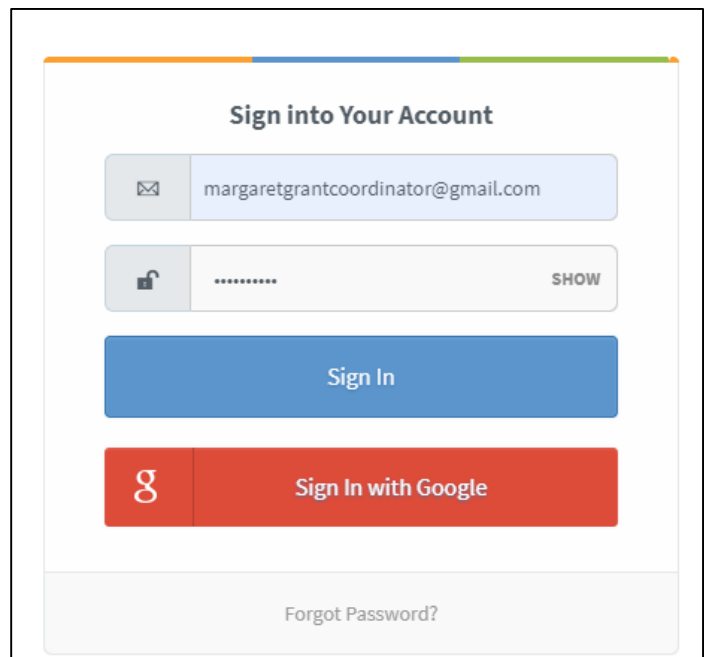

The screenshot shows the SmarterSelect website homepage. The browser address bar displays "https://www.smarterselect.com". The navigation menu includes "SOLUTIONS", "PRICING", "BLOG", "REQUEST A DEMO", "GET A FREE TRIAL", and "LOGIN". The main heading reads "Great software. Great support. Great value." followed by "Development Associate" and "Community Foundation". Below this is the text "Everything you need to create and manage online applications that make you, your applicants, and your reviewers happy." and two buttons: "Schedule Your Demo" and "Start Your Free Trial". A section below states "The application management system for scholarships, grants, awards and more. Chosen by over 1,000,000 users for over 30,000 programs." and lists logos for Fulfillment Fund, Texas Tech University, AHIMA, Phi Delta Theta, and Vermeer Charitable Foundation. At the bottom, it says "Why do program managers choose SmarterSelect?" and "Sized perfectly for one program - or one thousand!". A chatbot bubble for "SelectBot" is visible on the right side.

Step 2 – At the top right corner, click "LOGIN"

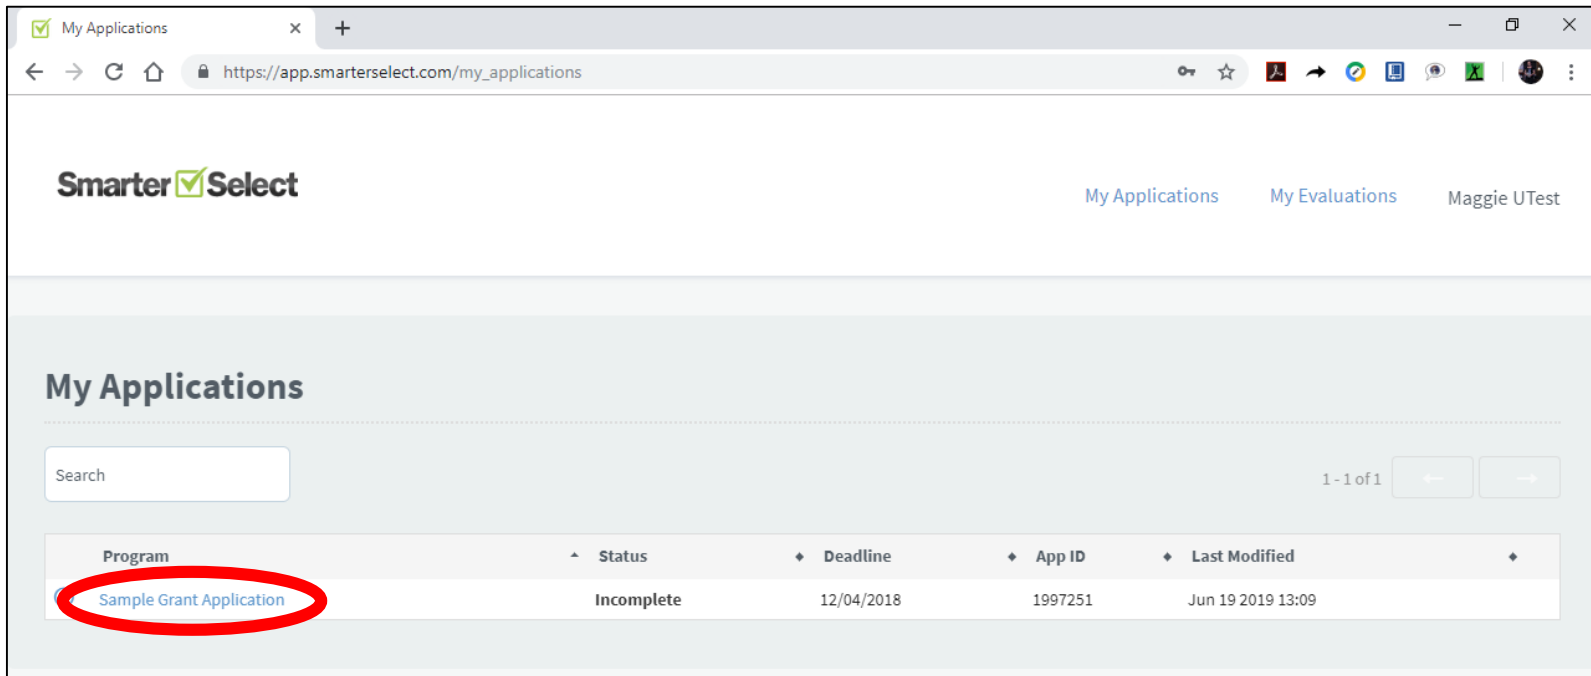

This is a close-up screenshot of the top right corner of the SmarterSelect website. The navigation menu is visible, with the "LOGIN" button highlighted by a red circle. The other buttons in the menu are "SOLUTIONS", "PRICING", "BLOG", "REQUEST A DEMO", and "GET A FREE TRIAL". Below the navigation bar, the text "Great support. Great value." and "Development Associate" and "Community Foundation" are partially visible.

Step 3 – Using the **same credentials you used to submit**, log in to SmarterSelect

The image shows a login form titled "Sign into Your Account". It features two input fields: one for an email address containing "margaretgrantcoordinator@gmail.com" and another for a password with masked characters and a "SHOW" button. Below these fields are two buttons: a blue "Sign In" button and a red "Sign In with Google" button. At the bottom, there is a "Forgot Password?" link.

Step 4 – on the “My Applications” page, select the application you would like to view

The screenshot shows the SmarterSelect "My Applications" page. The browser address bar displays "https://app.smarterselect.com/my_applications". The page header includes the SmarterSelect logo and navigation links for "My Applications", "My Evaluations", and "Maggie UTest". Below the header, there is a search bar and a table of applications. The table has columns for Program, Status, Deadline, App ID, and Last Modified. One application, "Sample Grant Application", is highlighted with a red circle.

Program	Status	Deadline	App ID	Last Modified
Sample Grant Application	Incomplete	12/04/2018	1997251	Jun 19 2019 13:09

From there, you can view, download, and print your application.
